

ETHICAL FARMERS (PVT) LTD

OUR COMMITMENT

Quality Policy

At Ethical Farmers (Pvt) Ltd, we are committed to:

- Producing safe, high-quality, and organic products that consistently meet customer expectations and applicable legal, regulatory, and certification requirements.
- Maintaining an effective Integrated Management System based on ISO 22000, HACCP principles, recognized Organic Standards (EU Organic, USDA Organic, Naturland, Bio Suisse, Demeter), and Social Standards (Fairtrade, Small Producers' Symbol), ensuring end-to-end traceability from farm to consumer while protecting product safety, quality, authenticity, and organic integrity.
- Preventing food safety hazards, contamination, and commingling through effective operational controls, hygiene, sanitation, maintenance, and risk-based practices.
- Developing a competent and responsible workforce by promoting food safety, quality, and organic awareness through training, communication, and employee involvement.
- Continually improving our processes and performance by setting measurable objectives, monitoring results, and providing the necessary resources to achieve sustainable business excellence.

Globally Recognized Standards

These standards ensure product safety, organic integrity, environmental responsibility, social equity, and complete traceability throughout our supply chain.

Our Certifications

Our certifications demonstrate our commitment to internationally recognized requirements for food safety, organic production, quality, sustainability, and responsible sourcing.
